City of Canton Asks Residents to Complete Survey

Macomb, Illinois, October 16, 2009– The City of Canton with assistance from the Western Illinois Regional Council is submitting an application to the Community Development Assistance Program. The City is requesting grant funds to rehabilitate housing in Canton. The program helps low income households to improve and maintain the quality of their homes.

As part of the application process, the City is conducting a random area housing and income survey and would appreciate cooperation from all who receive the survey to complete it as soon as possible. Your survey will help the success of this grant application and provide assistance to the very low income, elderly and disabled.

The City of Canton greatly appreciates your interest and cooperation.
